

Please take a moment and meet our beneficiaries. Some are wounded service members with families and some are surviving spouses and children of our fallen heroes. All have made incalculable sacrifices for our Country. Here at the 9-11 Help America Foundation, we

consider them all part of our family. In some cases we reach out to them offering help. At other times they reach out to us in need of help and support. The majority of our beneficiaries have either been injured or their spouses have been killed in Operation Enduring Freedom or Operation Iraqi Freedom.

Our goal is to assist them financially each month for a period of 18 months. If they have other needs and/or in need of support, we try to help with that as well (legal or financial matters, procuring special equipment

etc). We want to help them as a way of saying "Thank You" for the sacrifices that they have endured. Our hope is to create a long-lasting friendship with them, more importantly we hope to honor and recognize the sacrifices that they have made and continue to make as a result of their service to our Country.

We must make sure that their sacrifice is never forgotten.

Please join us in this endeavor. You can do that in several ways: Donate to the foundation or participate in one of our upcoming events. It takes all of us working together to send a message of appreciation for their sacrifice. For more information please visit our web site "www.911HelpAmerica.com"

*Supporting the families of our fallen
and wounded warriors*

*Join the team in service to those that
have sacrificed so much.*
